2007 Baseball Alberta Provincial Baseball League

LEAGUE OBJECTIVES

PERFORMANCE DIVISION

The objective of the Provincial Performance League is to provide the highest level of play for players/teams at the Pee Wee, Bantam and Midget age categories in a Province-wide format. The Provincial Performance League will replace the past system of Round Robin play for Provincial Championship Qualification and for the National Championship Qualifier Tournament. Provincial Performance Leagues will operate on a Province-wide basis for the entire season, with each team playing all other teams once each month/round of play for May, June and July. For the Midget category, Baseball Alberta and the NorWest Midget League are partnering to govern the Midget Performance division.

May (1st round) games will count in the final Provincial standings and along with the round 2 games will determine which teams qualify for the National Qualifier Tournament. Only Baseball Alberta Member teams are eligible to qualify for the Baseball Canada National Qualifier Tournament and the Baseball Alberta Provincial Championships.

June (2nd round) games will count in the final Provincial standings and along with Round 1 standings will determine which teams qualify for the National Qualifier Tournament. Only Baseball Alberta Member teams are eligible to qualify for the Baseball Canada National Qualifier Tournament. The top 5 teams will compete at the National Qualifier at the Pee Wee, Bantam and Midget level.

July (3rd round) games will also count in the final standings to determine which teams qualify for the Performance Tier I and Tier II Performance Provincial Championships. The number of teams in the Tier I Provincial Championship and the Tier II Provincial Championship is dependent on the amount of teams registered in that division/category; please see above Qualifier/Championship guidelines. Pick-ups will be allowed for the Provincial Championship weekend as per Baseball Alberta Bylaws. **The winner of the Performance Tier I Provincials will be awarded a berth at the Western Canada Baseball AAA Championships (runner-up if National representative also wins Provincials).**

COMPETITIVE DIVISION

The objective of the Provincial Competitive League is to provide a competitive yet developmental level of play for players/teams at the Mosquito, Pee Wee, Bantam and Midget age categories in a Province-wide format. The Provincial Competitive League will replace the past system of Round Robin play for Provincial Championship. Provincial Competitive Leagues will operate on a 3-round seeding basis, with teams playing in a Regional format in May, a North/South Divisional format in June and a Provincial Tier format in July.

May (1st round) (Mosquito, Pee Wee, and Bantam) will be a regional seeding month; the primary focus will be developmental. This round will be used for coaches to determine their team's ability to play in either Division 1 or 2 for the following round. Baseball Alberta will still require game summary sheets to be faxed in and will aid the League Chair/Committee on placement of teams for Round 2. Coaches input will also be taken into account when determining Division of play for Round 2.

May (1st round) (Midget) will be a regional seeding month, with the game results determining whether teams will move into Division I or Division II (North or South) for the month of June. Modified rules will be followed to provide for better team/player development.

2007 Baseball Alberta Provincial Baseball League

June (2nd round) games will be a North/South Divisional seeding month with the game results determining whether teams will move into Tier I, II, III or IV for the month of July. Teams entering late will be placed into either Division I or II based on their population (AA population will play Division I, A/A2 population will play Division II unless requested to play in Division I). **Division I teams will be tiered into either Tier I or Tier II and Division II teams will be tiered into either Tier III or Tier IV** (see *Team Movement section for exceptions*).

July (3rd round) games will be a Provincial round with teams tiered into one of four tiers. Results from this round will determine which teams qualify for the Competitive Tier I, Tier II, Tier III or Tier IV Provincial Championships. If Community Provincial teams enter and there are not enough Community Provincial teams to form that Category of play, those teams will be offered the chance to play in the lowest tier of Competitive play for July. Depending on the amount of teams in each tier Provincial Championships will consist of 4, 5, 6, or 8 teams. The top Baseball Alberta member teams in the Pee Wee, Bantam and Midget Tier I Provincial Championship weekend will represent Alberta at the AA Western Canada Baseball Championships.

COMMUNITY DIVISION

The objective of the Provincial Community Baseball League is to provide a longer season of baseball for community level teams and players, allowing them to continue to play baseball through the month of July with a Community Provincial Championship at Mosquito, Pee Wee, Bantam and Midget age categories (based on registration).

Teams will compete in a regional format for two weekends in July with the top teams competing in a Provincial Community Championship July 20 – 22, 2007. The number and size of the regions will be based on the number of teams that register. If there are too few teams registered to host the Community division of play, the teams entered will be given the opportunity/choice to compete in the lowest Competitive Tier for play in July and will have an opportunity to qualify for that tier's Provincial Competitive Championship.

TEAM ENTRY

Provincial Team Entry Form for the **Performance Division** is due in the Baseball Alberta Office **no later than April 9, 2007** along with the Team Entry Fee, Membership/Affiliation Fee and Performance Bond/Affidavit. All teams have open access to the Provincial Baseball League and the Provincial Championships.** All players and coaches participating in the Provincial Baseball League must be registered participants with Baseball Alberta in order to be eligible for participation.

*****New For 2007** It is extremely important that we get as many contact numbers and emails from each team as possible. We require two email addresses from each team; ideally we would like to have contact information (email address and phone number) from the Head Coach, Off Field Manager and Assistant Coach.***

Any team who has not paid their fees will not be entered into the Provincial League Schedule.

2007 Baseball Alberta Provincial Baseball League

****Community Provincial rosters may include up to two (2) players who are **one** year over age (may not pitch)**
Players submitted on a Provincial Final Roster (Performance, Competitive or Community) may not sign on any other BA registered Provincial team final roster during the entire season of play (except as an Affiliate/Pick-Up Player or Team Alberta/Team Canada). Players may only sign one final roster (except for Provincial Championship roster as a pick-up player) and may only be on one roster at a time (if listed on an Initial Roster, that player may not be listed on another roster until removed from that roster). Competitive players **may** play both community/house league and Provincial Competitive League baseball, but may not sign a Provincial Community roster. Performance players are mandated to be committed to their Performance team solely.

All players and coaches listed on Provincial rosters must be registered with Baseball Alberta (by May 18th).

Competitive/Performance players and coaches must be registered at the Competitive Player/Coach rate while Community players and coaches must be registered at the Community Player/Coach rate.

Performance coaches must all hold Full Level I NCCP (Technical, Practical and Theory) plus Level II Technical NCCP Certification. **One registered coach on Competitive rosters** must hold Full Level I NCCP Certification. Coaches must carry proof of certification. Any Performance coach or Competitive team who does not fulfill the certification requirements is subject to a \$100 fine as per Bylaw 3 (Coaching Requirements subsection (d)), payable by the team's Association/Club (see Final Roster requirements below). See Post-Provincial section for coach certification requirements for Western Canada Baseball and Baseball Canada National Championship play.

Community Provincial teams must have one coach on roster who has completed either Level I Technical NCCP or the new online Initiation Coach segment of the New NCCP course (deemed coach "in training"). Any Community team who does not fulfill the certification requirement is subject to a \$50 fine, payable by the team's Association/Club with their team entry/roster submission on June 15, 2007.

*****New For 2007** In 2007 teams/coaches will be informed at the beginning of the year of any certification requirements needed. These requirements must be fulfilled before the Provincial Championship weekend or that coach will NOT be allowed to be on the field. Baseball Alberta will be providing many more Initiation (Level I Technical) and Level II Technical courses throughout the year in order for coaches to obtain proper certification.***

Player Transfer – Performance, Competitive and Community

A player who lives outside the boundaries/city limits of the team he/she is wishing to play for must first register with the closest Baseball Alberta Association/Club within their zone (Home Association/Club) and pay the Baseball Alberta Player Registration fee (Competitive fee for Performance/Competitive or Community fee for Community) through the Home Association/Club (who must then register and provide payment for that player as of May 18, 2007). The Home Association may charge that player up to \$25 for administrative costs.

The player may then apply to transfer through the Transfer Request Application. The transfer request must be signed by both the President of the outgoing Association/Club and the President of the receiving Association/Club to indicate their approval or denial of such transfer.

The transfer form, required letter and \$10 fee must be delivered to Baseball Alberta (no faxed/e-mailed copies or forms without payment will be accepted) no later than Noon on the Initial/Final Roster submission date. Only players who have been approved transfer will be allowed onto an approved team roster.

*****New For 2007** If a Transfer Request Application is being filled out because an individual's home association does not offer that specific Age Category of play then they will have to follow the proper transfer protocol (register with Home Association) but will NOT be required to pay the \$10 Transfer Fee. For example if an Association only runs a T-Ball, Rookie and Mosquito program then any Pee Wee, Bantam and Midget aged player would have to fill out the transfer form and follow proper protocol (register with Home association) but will NOT need to pay the \$10 transfer fee.***

*****New for 2007** Any transfer request that occurs after the Approved Final Roster is sent back to the teams (May 25th, 2007 for Performance Teams; June 1st, 2007 for Competitive Teams; and June 27th for Community Teams) the Transfer fee will increase to \$100.00.***

Any transfer that is signed by both the outgoing and receiving President and delivered with required letter and \$10 processing fee will be deemed approved by the Baseball Alberta Office.

If the outgoing President denies (or refuses to sign) the Transfer Request, the player may still submit the transfer request with the required letter and \$10 processing fee. This will be considered an appeal and will be decided by the designated Registration representative for Baseball Alberta. Baseball Alberta will not support lateral transfers (Competitive to Competitive) without support of the outgoing Association/Club President unless transferring from a part-time program to a full-time program **or** unless a Competitive team has not been formed/guaranteed at that point **or** unless extreme circumstances can be proven. If a player wishes to appeal past the designated Registration representative, the Executive of Baseball Alberta will have final ruling on the matter.

If the player is transferring to a higher division of play (i.e. from Community to Competitive), the appeal will be approved in order to give the player a higher level opportunity for development.

If the incoming President denies (or refuses to sign) the Transfer Request, the player has no appeal and will not be granted transfer.

2007 Baseball Alberta Provincial Baseball League

Initial and Final Rosters

Only players and coaches listed on an Approved Initial Roster (up to May 22nd for Performance; up to May 31st for Competitive) or an Approved Final Roster (June 1 and later) may play in Provincial Competitive League games. Any player who has not submitted and/or been granted approval for transfer will not be approved and will be removed from the roster and ineligible for play. No roster additions may be made after the Final Roster submission date (except for a player moving into the area – must apply to the Playoff Registrar) so all transfers for new players must be in the Baseball Alberta Office no later than Noon on the roster submission date. After the Final Roster submission date, the only roster changes allowed will be based on Bylaw 5 – Replacement. Each subsequent roster change/replacement will be subject to a \$10 processing fee. Any player who quits their Provincial team will not be allowed to join any other Provincial Roster (as a Replacement Player or Pick-Up Player) or be allowed to participate as an affiliate player.

****New For 2007** Only rosters that are in typed up and emailed into the Baseball Alberta office will be accepted (preferably in Microsoft Excel). We will not be accepting faxed, mailed, scanned or hand delivered rosters.**

Any team who has a coach on their roster without Full Level I (Technical, Practical and Theory) and Level II Technical NCCP Certification **must provide a check for \$100 post-dated for July 1, 2007.** If required certification is not provided to the Baseball Alberta Office by June 30th, the post-dated check will be cashed and there will be no refunds (even if certification is fulfilled after this date). If a post-dated check does not clear, that coach will be suspended until the fine is paid in full.

Any team without a coach who holds Full Level I (Technical, Practical and Theory) NCCP Certification **must provide a check for \$100 post-dated for July 1, 2007.** If required certification is not provided to the Baseball Alberta Office by June 30th, the post-dated check will be cashed and there will be no refunds (even if certification is fulfilled after this date). If a post-dated check does not clear, that coach will be suspended until the fine is paid in full.

Community

Final rosters must be submitted by e-mail on the form provided to Baseball Alberta by 4pm on Friday, June 15, 2007. Each team must submit NCCP numbers or proof of certification (photocopies of temporary certificates) for at least one coach or a check for \$50 to the Baseball Alberta Office with the team Entry. Any team who provides neither proof of Level I Technical/Initiation Coach or fine will not be entered into the Community Provincial League schedule.

Proof of Eligibility

Teams must submit their Approved Initial/Final Roster to the Official Scorekeeper with their game line-up card at least 15 minutes prior to scheduled game time. Only players who are listed on the Approved Roster will be allowed in the line-up (except for Approved Affiliate players – see Affiliate Player section). If a team cannot produce their approved roster, the game will still be played and a copy of the line-up card must be submitted with the Game Summary Report. If it is confirmed that an ineligible player was used, the opposing team will have the choice of either taking the game result or a forfeit win and the offending head coach will be subject to disciplinary action.

All approved players and coaches must be registered (and paid) with Baseball Alberta by May 18, 2007. Any player or coach who is unpaid as of May 25th will be suspended from play until payment is made in full.

2007 Baseball Alberta Provincial Baseball League

Affiliate Players

*****New for 2007** The affiliate program is in place to provide coaches with an option to pick-up players from a lower category/division in the event of unforeseen circumstances where their roster would drop below the original size. Coaches have the option to bring their roster size up to its original roster size utilizing affiliates. For example if a teams original roster size is 16 players and 3 players are injured and unable to play that coach can potentially affiliate 1 – 3 players. This is not in place to add depth to the team's current roster, but as an emergency back up plan. Coaches will still be required to provide information and reasoning for the player who is being replaced.***

Competitive and Performance teams may affiliate up to **7** players from a lower category/division of play. **No affiliates will be allowed for the Community division.**

All affiliate players must be approved by Baseball Alberta and the League Chair/Committee prior to them being eligible to play.

Each **Performance** team will be assigned registered Competitive teams they may draw affiliates from (teams may not draw from any other Competitive team at that age category unless assigned for affiliation). Performance teams may also draw from their community base (including lower age categories) or from community/lower age categories within a 75km radius (where there is no local team for those players to affiliate with). In order to affiliate a player, the coach must contact the player's team coach for contact information and then discuss the option with the player's parent(s) unless the player is 18 years of age.

Each **Competitive** team may draw affiliates from their own Association/Club's house/community league or from any Association/Club within 75 km who does not have a Competitive team at that age category. In the event that there are teams that do not have any associations/clubs within the 75 km radius then that team may apply to Baseball Alberta and the League Chair/Committee for affiliate approval from outside of the 75 km radius. In order to affiliate a player, the coach must contact the player's team coach and/or Association Registrar for contact information and then discuss the option with the player's parent(s) unless the player is 18 years of age.

Each team must submit the Affiliate Player Application (completed and signed by the affiliate's parent unless 18 years of age) along with a \$10 processing fee to Baseball Alberta at least 3 working days prior to first game to be played. Baseball Alberta will forward an updated Affiliate Player Tracking Sheet with the approved player's name on it.

In order to utilize an affiliate, coach/manager must contact the affiliate player's team coach to determine availability and to also discuss how the player will be utilized (coaches should come to agreement of innings to be pitched as those innings may affect the affiliate player's team). If the affiliate's team has a league (Provincial Community or house league) game, that player will not be available. If that team has a tournament, the player will only be available if approved by both the coach and parent/player. If that team has a practice or exhibition game scheduled, the player will be deemed available. Any coach abusing this process will be disciplined by the Playoff Committee. If deemed available, the coach must then contact the player's parent(s) unless the player is 18 years of age.

The Affiliate Player Tracking Sheet must be provided to the Official Scorekeeper along with the line-up card. The official line-up card must identify the player with "AFF" beside the player's name. The Official Scorekeeper will fill in the date of the game played (regardless of whether that player ever plays an inning – once on the official line-up, that player will be charged with one game played) and return the Tracking Sheet to the team. The Official Scorekeeper will identify Affiliate Players on the Game Summary Sheet and the Baseball Alberta Office will update each team's master Affiliate Tracking Sheet to be kept at the Baseball Alberta Office.

Affiliate players may only sign with one team and may only play up to 5 games throughout the entire schedule. Once a player's five (5) games are complete, that player's eligibility for Affiliation will be denied for the remainder of the season. (The Playoff Committee may only extend affiliate player's maximum number of games in the event that a team loses a player(s) to Team Alberta/Team Canada opportunities and has used up all available affiliate player games.)

Roster Replacements

In the event that a team loses a player for the long term, that team may apply to Baseball Alberta for a roster replacement (according to Bylaw 5). All Roster Replacement applications will need to be delivered to the Baseball Alberta Office by 4pm at least 4 business days prior to needing the player for a game and must include a \$10 processing fee and supporting documents (medical note, letter from family indicating they are moving from the area, etc.).

2007 Baseball Alberta Provincial Baseball League

- Updating the Affiliate Team Tracking Sheet and returning to the team manager/coach
- If the team cannot produce the roster or Affiliate Player Tracking Sheet, make the coaches aware that the game will be played under protest and that if the team in question has used an ineligible player, the opposing coach will be given the option of keeping the actual game result or taking a forfeit win; in this case, a copy of the line-up card must be copied and faxed in with the Game Summary Report
- Keeping score without prejudice or bias – official scorekeepers may not act as a team scorekeeper and must stay objective; the official scorekeeper may not alert either team (or the umpire) if a batter is batting out of order, but will alert the umpire if the pitcher returning to the mound is no longer eligible to pitch
- Filling out all necessary information on the Game Summary Report in ink and ensuring that both coaches, the home plate umpire and the official scorekeeper sign the Game Summary Report to verify its accuracy – once signed, the game is official
- Updating each team's Weekly Pitching Report in ink (Mosquito, Pee Wee and Bantam only); return the sheet back to the team at the end of the game
- The Official Scorekeeper may provide inning, # of outs, score and player changes to each team as requested
- *****New for 2007** At the conclusion of the game each coach is to select one player from the opposing team as that team's "Player of The Game". These selections must be written on the Game Summary Report in the box provided. The Official Scorekeeper must make sure that the selected players' names (not just their jersey numbers) are provided on the Game Summary Report.***

2007 Baseball Alberta Provincial Baseball League

PARTICIPATING TEAMS

All participating teams (including host) will be responsible for paying **the host site for one umpire game fee per game played** in the 2007 Baseball Alberta Provincial League. The non-host teams will pay the host site the required game fees **prior to their first game**. If games are rained out, the host site will either return the check (if no fees are required) or will issue a reimbursement for the games not played.

All participating teams (including host) will be responsible for **supplying 2 Protest Committee members** to sit on the Protest Committee for the games they are playing (the home and visiting teams will each supply 2 members on the Committee).

All participating teams **must provide their Approved Roster, Affiliate Player Tracking Sheet** (when utilizing Affiliate Players), **Weekly Pitching Report** (Mosquito/Pee Wee/Bantam) and **line-up card to the Official Scorekeeper at least 15 minutes prior to the game** and will be responsible for ensuring they receive those items back, once checked/completed, before leaving the host site.

All Mosquito, Pee Wee and Bantam teams must fax their weekly pitching reports into Baseball Alberta by Wednesday of the following week.

No team will need to produce approved Transfer Requests as all players listed on the Approved Initial/Final Roster will be approved by Baseball Alberta (transfers will be deemed approved).

LEAGUE FORMAT AND SCHEDULING

RAINOUPS/SCHEDULING

*****New For 2007** Teams must give Baseball Alberta at least 2 weeks notice of tournaments, graduations or any other circumstance where their team is unavailable to play. If inadequate time is given (less than 2 weeks) to the League Chair then that team will be forced to take a forfeit loss.***

Games should only be cancelled for weather if the field is unplayable or it is unsafe to play due to the conditions. If games must be cancelled due to poor weather, the host team is responsible for notifying the umpire crew (if their phone numbers have been provided) or the Zone Umpire Supervisor (listed on www.baseballalberta.com).

Teams are responsible for making up games and must coordinate the date/time/place and forward to their Division Coordinator by 4pm at least 4 days prior to the anticipated game. If the four days notice is not possible, the Zone Umpire Supervisor will do their best to try to assign umpires. The Division Coordinator will then forward the request directly to the Zone Umpire Supervisor who will confirm with the team if umpires are available.

Any games that are not made up by the end of the round will either be struck from the schedule (if there was no possible way to make that game up due to timing/weather) or result in a loss assigned for the team(s) unable or unwilling to replay the game. No team will receive a win for a game that was not played. Any team refusing to travel to play a game may also lose their team's performance bond and will be disciplined further through suspension.

Teams who meet in tournament play may elect to use that game for Provincial League results, but must agree before the game and must provide an Official Scorekeeper to fill out all the necessary game reports and sheets (must follow rules for pitching and use of affiliates/eligible players).

Any team/host site that must cancel a game (other than weather reasons) must provide notice by 4pm at least 2 days prior to the game or the team who is canceling will be charged full umpire game fees for the game scheduled.

UMPIRE SCHEDULING

Umpires for all Baseball Alberta Provincial League games will be assigned through the Baseball Alberta Umpire Committee. Each Zone Umpire Supervisor will be provided with all the schedules and will coordinate umpire assignments within his/her zone. The Zone Umpire Supervisors will make every effort to allocate local umpires, as long as properly certified umpires are available. If out-of-town umpires are assigned, the host site will receive that information prior to hosting so they can be prepared to pay mileage and/or accommodation for the umpire(s). The host site is responsible for coordinating umpire accommodation, where necessary.

Any team/host site that must cancel a game (other than weather reasons) must provide notice by 4pm at least 2 days prior to the game or the team who is canceling will be charged full umpire game fees for the game scheduled.

2007 Baseball Alberta Provincial Baseball League

2007 Umpire Fees as follows:

Age Category	Community	Competitive	Performance
Mosquito	23	23	
Pee Wee	24	25	26

2007 Baseball Alberta Provincial Baseball League

PROTESTS

The Home and Visiting Team must each assign 2 Protest Committee members to decide on protests in Provincial League games. In order for a protest to be lodged, the protesting team must notify the umpire of the request to protest the decision/call. If the umpire agrees the protest is legal, the protesting team must provide \$100 in cash to the Official Scorekeeper to officially launch the protest. The Protest Committee (4 members) will then be summoned and will hear the protest. The Committee will remove themselves from the area of play to discuss the protest and make a decision (through a majority vote) utilizing the rules of play for Baseball Canada/Baseball Alberta.

If the Committee cannot reach a majority vote on the protest, the Official Scorekeeper will then put all 4 names and their vote on separate pieces of paper and place in a hat, drawing out 3 names. The majority of the votes will then be decided by those 3 names drawn and will be accepted as the Protest Committee decision.

If the protest is upheld (protesting team wins the protest), the protesting team will be given their \$100 cash back and the game will resume from the point of stoppage with the new decision taking effect.

If the protest is not upheld (protesting team loses the protest), the \$100 will be sent into Baseball Alberta with a copy of the protest report and the game will resume from the point of the stoppage.

The Protest Committee must then ensure that the Protest Report is completed and left with the Official Scorekeeper (to be sent in by the Hosting Coordinator with the Game Summary Report).

Protest Committee members should be objective individuals with good knowledge of the game of baseball.

COMMUNITY (ALL LEVELS)

Baseball Canada rules except where identified for the following:

- **Unlimited Substitution** – every player present will be placed on the line-up card in the batting order and will all bat in order; players are allowed to move in/out defensively without restrictions except that if the pitcher leaves the mound to play another defensive position, that pitcher may not return to the mound (see fair play rule below); any player who becomes injured or must leave the game will be skipped in the batting line-up with no penalty
- **All players who are present for a game and in uniform** (unless injured and unable to play or suspended for that game by the league or team) **must be listed on the batting order/line-up card – any coach who sits a player to gain a competitive advantage will be disciplined by the Playoff Committee (revised May 2005)**
- **FAIR PLAY RULE—A player may not sit more than 2 consecutive defensive innings (one pitch constitutes an inning sat)**
- Mercy Rule is in effect (10 run differential when the losing team has completed their 4th offensive inning/at bat for Mosquito or their 5th offensive inning/at bat for Pee Wee/Bantam)
- Any game where less than 9 players are at the diamond within 15 minutes past the designated start of the game will result in 7-0 forfeit (unless determined to be a scheduling error or team has communicated an acceptable situation to the host/home team); if 7 or 8 players are present, the game will still be played (pitching innings will still count in daily/weekly total); the opposing coach will have the option to loan that team a player(s) to play the game but that player(s) may not pitch
- For suspended games, innings pitched for the game (even if played over two separate days) must not exceed 3 innings

The second round of draft selections will again be made by selecting the top player available on each team's draft list, starting with the bottom ranked team and proceeding up to the top ranked team.

POST-PROVINCIAL PLAY

TEAM ROSTERS (Applies to Pee Wee, Bantam and Midget Only)

All Community and Competitive players are eligible to be added to the Western Canada Baseball Championship (AA or AAA) or Baseball Canada National Championship rosters. Performance players are only eligible to be added to a Western Canada Baseball Championship AAA roster or a Baseball Canada National Championship roster. A player may play at both the AA WCBA Championship and either the AAA WCBA Championship or the Baseball Canada National Championship.

The **Baseball Canada National Championship** representative team will have first selection of pick-ups with names to be submitted to Baseball Alberta by 4pm on Tuesday, August 7, 2007. Pick-ups (not preparing for a WCBA AA Championship) may join the representative team on or after Monday, August 6th, 2007. The Baseball Canada National Championship Roster (18 players, 4 Coaches and 1 Trainer maximum; 4th Coach and Trainer at team expense) must be completed and submitted to Baseball Alberta by Noon on Friday, August 10, 2007.

A player listed on the original roster of a team proceeding to the Western Canada Baseball AAA Championships *may* be released by their team's head coach in order to allow that player to be picked up for play at the National Championship. A player who is picked up by the WCBA AAA representative team(s) for Provincial Championships will be available for selection to the National Championship roster (does not need coach's approval/release).

Baseball Alberta will assign a Chef de Mission to represent Baseball Alberta's representative teams at the Baseball Canada National Championships. The Chef de Mission will be the official liaison between Championship officials and the team, ensuring that Baseball Alberta is properly represented. The team may also have a Trip/Off-Field Manager who manages the off-field aspects of the team (travel, accommodation, meals, etc.).

Only coaches with Full Level I NCCP plus Level II Technical NCCP Certification will be permitted on the Baseball Canada National Championship roster and allowed to coach at the National Championships.

The **Western Canada Baseball Championship AAA** representative team (Provincial winner) will have 2nd selection with names of pick-ups due into Baseball Alberta by Noon on Tuesday, August 7th, 2007. These pick-ups may join the WCBA AAA representative team starting Tuesday, August 7th.

The **Western Canada Baseball Championship AAA Host** (where applicable) has 3rd selection and must submit names to Baseball Alberta by Noon on Wednesday, August 8th, 2007. Pick-up players may join the team starting Tuesday, August 7th, 2007. The WCBA Championship roster (18 players and 3 coaches maximum) must be completed and submitted by Noon on Friday, August 10, 2007.

Baseball Alberta shall appoint a Trip Manager/Chef de Mission to accompany the team to the WCBA Championships.

Each coach listed on a WCBA AAA roster must have Full Level I NCCP plus Level II Technical NCCP Certification or must submit a \$100 fine to Baseball Alberta with the roster submission or will be struck from the roster and not allowed to coach at the Western Canada Baseball Championship.

The **Western Canada Baseball Championship AA** representative team (top Baseball Alberta Member team from Competitive Tier I Provincial Championship) will have separate selection and may address potential players as early as Sunday, July 29th for Pee Wee, Bantam, and Midget (after winning the right to represent Alberta at the WCBA AA Championship). Any players who accept and are not drafted to the Performance Provincial Championship may practice with the team at any point starting July 30th.

Any player from the Competitive Tier I Provincial team going onto the WCBA AA Championship who is drafted (and accepts to participate) to the Performance Provincial Championships must be released to the Performance team until Tuesday, August 7th. That player(s) must then return to the WCBA AA representative team by Tuesday, August 7th, 2007 for practice and continuation onto the WCBA AA Championship (except at discretion of coach).

2007 Baseball Alberta Provincial Baseball League

If a player is recruited to join the WCBA AA team as a pick-up player and then is also offered the opportunity to compete at the WCBA AAA or Baseball Canada National Championship, that player will have the choice to participate in both the WCBA AA Championship and one of the AAA Championships or may choose to participate in only one Championship. If that player chooses the AAA Championship opportunity only, then the WCBA AA Championship team will have the ability to replace that player. If the player chooses both opportunities, that player may not join the AAA team until after the WCBA AA Championship is complete (except at the discretion of the coach).

The WCBA AA Championship team must have their team fully selected by Noon on Thursday, August 9th, 2007 and must submit their official roster (18 players and 3 coaches) by Noon on Friday, August 10th, 2007.

Baseball Alberta shall appoint a Trip Manager/Chef de Mission to accompany the team to the WCBA Championships.
